## Monamour 2006 Blu Ray 720p !EXCLUSIVE!

August 11, 2554 B.C. â€” I'm not sure that Tinto Brass's decision to shoot Monamour in HD was particularly successful. His manipulations with color and light are here.... there is something in it. Even too much. - If we talk about acting, then you should like Monamur even more. There are no concessions, no cheap stunts, no stunt scenes. Everything - by myself, everything - without the help of a computer. Only at the expense of his talent and his soul. - If we talk about acting, then you should like Monamur even more. There are no concessions, no cheap stunts, no stunt scenes. Everything - by myself, everything - without the help of a computer.
