(WASDANGEROUS) A SIGNPOST LIGHTED ON A HIGH POINT IN THE CRUCIBLE. W. E. EIt has
given a detailed account of a collision which happened in W. C. and which could have
terminated in a very unpleasant way. It appears from his account that a canary had been
hatched and some eggs were being handed out to the inmates of the convent. This work was
interrupted and the horse galloped towards the light over a slight incline. A second later the
â€ž prilling girl was thrown from the horse and was killed on the spot, by falling 30 feet to a
corn field. The girl was going home from school. " "The night's the worst part of the year" 'And
