Elden Ring (2022)

9/10 - IGN "The game does a fantastic job blending the conventional fantasy RPG gameplay we've all come to expect from a new IP with the action-RPGs we've grown to love over the years.... If you're looking for a game with a compelling plot, and a wonderfully written script with a deep story behind it, then Elden Ring is definitely a game you should keep an eye on." -Kotaku

"With Elden Ring, QLOC is bringing a rich fantasy setting to life that can be enjoyed by players with a variety of tastes and backgrounds. The art style is incredibly polished, and the story has the right mix of heroism and strife to make players feel like they're actually in the world of the game. Elden Ring has the whole package on its side, and it's easy to get swept up by the wonder of an ancient world so rich with possibilities." -PlayStation Magazine "A

real winner of an effort... It's a smart and remarkably polished game that is filled to the brim with ideas and possibilities. The story is inventive and engaging, the graphics are beautiful and the gameplay dynamic and fluid. When you have a game that is this well-thought out and delivers such a satisfying conclusion, you know that you're dealing with a thoroughly talented and experienced team with a high level of skill." -GamePro "The atmosphere, the story, and the characters are all top-notch. ... Equipped with so many new and interesting features, Elden Ring is definitely one of the most unique action RPGs we've played in a while." -GameSpot "Elden Ring is a truly remarkable example of the RPG genre. ... It's fantasy at it's most poetic, and thanks to QLOC's dark twist on the traditional JRPG, it's also another prime

example of how to breathe new life into a genre that has been retreading the same familiar ground for years.” -Virtue Games “Elden Ring is not a normal JRPG. The title’s action setting, present-day setting and its unique combat system provide a refreshing take on the role-playing genre.” -Famitsu “Elden Ring has a story, characters and combat that make it stand out from other games in the genre bff6bb2d33
